

BOOST YOUR GAME

Boost your teams' performance with our exciting and unique team building experience.

Our *Boost your Game* program is designed to positively impact your staff and be memorable. We have worked with hundreds of companies and know that staff motivation, leadership development and creating high performance teams are some of your top priorities. The expertise that we have gained has allowed us to create a principle based workshop with consistent themes such as accountability, integrity, teamwork and leadership. High performance team building, personal motivation, and managing change are also threaded throughout our program, creating a high value proposition.

If you are looking to establish expectations for new employees, existing employees, recognize leaders or achievers, give us an opportunity to make the difference!

Whether you have 4 or 200 employees to develop, EXIT Strategy is the answer for your team building needs! Because of the individualized nature of this program, groups participating at any one time are currently limited to 8 or 10, depending on location. Larger groups can be accommodated by scheduling different times. This option CANNOT be booked online! Please call us at 704-837-0515 to book.

Nuts & Bolts

- Onsite at both of our locations
- 2-hour sessions
- Team size of 4 -10
- Introductory offer: \$40/person (minimum charge of \$240 for smaller groups)

Exit South (Stuart Andrew Blvd)

- Cabin in the Woods only with start time of either 9 am, 12:45 pm or 3:45 pm. For all 3 options, you must arrive 15 minutes prior to the start time and plan on being here for 2 hours. *If you are late, we may have to cut down the time for the different portions of the program including the specific Boost your Game component.*
- Maximum of 10 people

Exit North (Pinnacle Drive)

- To be determined once facility opens

Included

- Game play of 1 room and debrief sessions with experienced facilitator

Benefits

- Creates a fun learning environment for team practice so that execution happens more effectively in the real world.
- Increases team morale through shared successes and performance breakthroughs.
- Engages a wide variety of learning styles through interactive challenges that serve as reference points for future training initiatives.
- Provides opportunities to strategize, collaborate and take on leadership roles (some for the first time).
